

# AGRIVIT

## Introduction

Different kind of stresses (nutritional, heat, drought, pests etc.) affects crop productivity. Depending on growth stage and length of the stress yield and quality of the produce can significantly be affected.

To quickly combat and overcome crop stress Agrisol has developed an excellent stress alleviating product "AGRIVIT (8-5-11)" that helps fight crop stress and mitigates its negative effects. It is a foliar product which is designed for use on all crops. It can be used as a fertilizer or as a supplement on all indoor and outdoor crops at any growth stage, especially crops under stress. AGRIVIT also helps reduces effects of pesticide burn, fertilizer overuse and extreme environmental conditions. Apart from essential nutrients it contains fair amount of organic matter that improves soil organic content and helps enhance microbial activity too.
